## A Note from Paysage..

Happy  
Mother's  
Day!

FROM YOUR FRIENDS AT PAYSAGE

## DESIGN &amp; DÉCOR:

## What Your Bedroom Says About You

*A design twist we love: with perspective, those lamps look like a heart*

*Coastal and Elegant*

Are you an introvert or an extrovert? Do you find yourself making spontaneous decisions, or planning out your entire day? Did you know that your bedroom design is able to answer all those questions. Read below to find out what your bedroom says about you!

This article is brought to you by *Power of Positivity*.

## Introvert vs. Extrovert

The color of your space can help determine whether you are an introvert or extrovert. An introvert recharges their batteries and gets energized from spending time alone and in quiet while an extrovert gets their energies from others in a more social atmosphere.

A bedroom space surrounded in warm, colorful hues like oranges, yellows and pinks that are cheerful and welcoming suggest an extroverted personality. On the other hand, mild and neutral hues like blues, greens, and browns that give off a calming and tranquil vibe suggest more of an introverted personality.

## Modern vs. Traditional

It's pretty easy to determine whether you are embracing modern, minimalist, technology-enhanced style choices or if you are true to traditional antique design. Just look around and it will be hard to deny your preference.

Someone who is attracted to traditional design and color palettes is someone who wants to put down roots, values family and works hard to maintain a family-work balance.

Someone who selects a more contemporary and modern look for their bedroom space is often more adventurous, willing to change and gets excited by the newness of things.

## Spontaneous vs. Planner

How a bed and bedroom space are arranged says a lot about how you go through your day and life in general. A more put together space with everything in its place indicates an organized, in control, planner type of person.

Conversely, a more chaotic, disheveled space where things appear to be thrown around supports someone who is more spontaneous and "go with the flow."

# Gigi's Kitchen

## *Pork Loin with mustard-sorghum marinade Marinade*

### INGREDIENTS

Ingredients for the mustard-sorghum marinade:

- 1/4 cup orange juice
- 3 tablespoons whole grain mustard
- 2 tablespoons sorghum syrup
- 2 tablespoons olive oil
- 1 tablespoon balsamic vinegar
- 1 teaspoon Worcestershire sauce
- 1 large pinch salt

For the pork:

- 2 pounds of small pork tenderloins
- Olive oil
- Kosher salt
- 1/2 cup of Heavy cream

Paysage owner and designer, Gigi Sireyjol-Horsley, usually comes back from market with a lot of good ideas and new products. This time, thanks to French Heritage, she shares with you the recipe of her fantastic lunch!

### INSTRUCTIONS

Heat your oven to 375 °F.

To prepare the marinade, in a small bowl whisk together all ingredients. Set aside.

Use paper towels to pat dry the pork tenderloins. Lightly coat them with olive oil, then sprinkle with salt.

Heat a large heavy oven proof skillet over medium heat. Swirl in a bit of olive oil.

Pan sear the tenderloins on all sides, 1 to 2 minutes per side brushing them every time regularly and generously with the mustard-sorghum marinade.

When the tenderloins have nicely browned, throw the skillet in the oven for about 15 minutes. Continue cooking, flipping and mopping in 5-minute increments until the tenderloins reach an internal temperature of 145 °F.

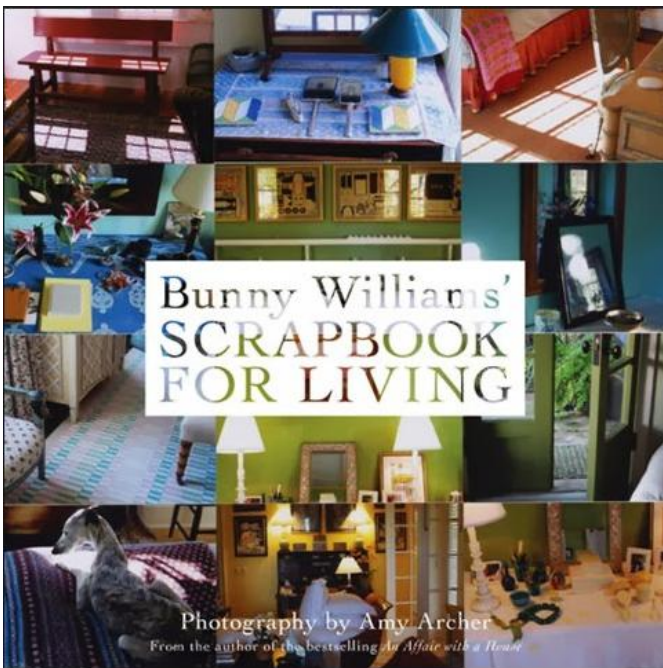

Add the heavy cream, flip the tenderloins one more time and serve with a salad or roasted vegetables.

Total cooking time should be about 20 to 25 minutes.

*Et Voila!*

# EVENTS & HAPPENINGS: CFGALA

♥ On Mother's Day week, be a mother to all kids ♥

*"Help a kid, be a  
kid"*

Children should have access to all programs and events that can help them develop their skills. They should be able to go on trips to the park, learn the piano, watch educational films, etc.

However, children who have "experienced neglect and/or abuse from their parents or care givers and who have been taken from their homes for their own safety often do not have this opportunity because DSS funds only cover the basics."

The Cape Fear Guardian Ad Litem Association was founded by a group of volunteers in 1999 "with the purpose of raising money to fund enrichment and growth activities for children.."

Paysage is a proud sponsor of the CFGALA. This organization is built on principles by which Paysage supports wholeheartedly. When you shop at Paysage, we will be giving 5% back to the CFGALA to help a kid in need.
