## BOOK OF THE MONTH

*Marcel Rochas: Designing French Glamour*

*"While I love all things new, conversely I hate eccentricity, the twin sister of bad taste. Eccentricity soon overtakes novelty, and, in transforming it through its excesses, invariable kills off a fashion"*  
 - Marcel Rochas

Marcel Rochas: Designing French Glamour, is a book written by his daughter, Sophia Rochas. Shopia shares her childhood memories of her father and his innovative design.

"Rochas's trademarks included exaggerated shoulders, the wasp-waisted bodice, a strapless girdle that defined the female silhouette of the '40s and '50s, a judicious combination of fabrics, contrasting prints, his Sirène gown, and the Oiseau dress."

You can read more about Marcel Rochas and his notable fashion by picking up this book at Paysage for \$95.
