SELECTED FROM PANTONE'S  
COLORS OF FALL 2018

Combining classicism with colorful expression, the Pantone Fashion Color Trend Report Fall 2018 features a bold palette of autumnal hues complemented by a few unexpected shades.

Colors for Fall express our need for individuality, ingenuity and creativity. There is a continued transition away from cyclical trends, and instead a strong focus on self-expressive colors that evade antiquated seasonal structure.

Autumnal hues that evoke the feeling of leaves on the forest floor, rich plumage and twilight reveal a modern fall palette of deep and rich tones with outbursts of colorful surprise.

These accent pillows were placed to add in a major pop of color. They make the room come together and not to mention they are gorgeous.

## GRATIN DAUPHINOIS FRENCH SCALLOPED POTATOES

French scalloped potatoes, or gratin dauphinois: the king of potato side dishes named after the former French province whence it originates.

**PREP TIME: 15 MINUTES**  
**COOK TIME: 45 MINUTES**  
**TOTAL TIME: 1 HOUR**

### INGREDIENTS

1 kg (2.2 pounds) potatoes  
2 cups milk  
1 1/2 teaspoons salt  
Freshly grated nutmeg  
1 clove garlic, sliced lengthwise  
3 tablespoons finely chopped chives  
1/4 cup heavy cream

### INSTRUCTIONS

Peel the potatoes, rinse them briefly, and slice them thinly (about 3mm or 1/10th of an inch) and evenly. Do not rinse after slicing, or you will lose all that precious starch.

Combine the sliced potatoes, milk, salt and a good grating of nutmeg in a saucepan. Bring to a simmer over medium-low heat, and keep simmering for 8 minutes, stirring the potatoes and scraping the bottom of the pan regularly to prevent sticking/scorching. The milk will gradually thicken to a creamy consistency.

While the potatoes are simmering, preheat the oven to 430 degrees farenheight. and rub the bottom and sides of a medium glass baking dish with the cut sides of the garlic clove.

Transfer half of the poatoes into the baking dish, sprinkle with the chives, and drizzle with half of the cream. Add the rest of the potatoes, pur the cooking milk over them, and drizzle with the remaining cream.

Bake for 35 to 40 minutes, until bubbly on the edges and nicely browned at the top. Let stand for about 10 minutes before serving.

# BOOK OF THE MONTH

French House Chic is a glimpse inside the most private of French residences: from supremely elegant Parisian apartments to lavishly upholstered sitting rooms in French country estates. From le salon to la salle de bain and every room in between, here is visual inspiration to achieve the most French look in any space.

It is more than twelve years since Jane Webster bought Chateau Bosgouet, a derelict house in Normandy, and moved her young family to France. In that time, Jane has established an internationally renowned business, shepherded her children through their school years in two countries, made long-lasting friendships in her adopted home, and spent countless hours observing French style. \$45.00

## SCENTS AND FEELS

Our Hammam Linens are authentic products of craftsmanship. Made in natural cotton, they are woven on looms.

To enjoy them at the most, we recommend to wash them one or two times before use to get the best softness and absorption.

These throws can be used all season long. You can even use them for towels, beach blankets, throws, and table covers!

CHRISTMAS AT PAYSAGE

It's the most wonderful time of the year! Holiday decor is out and about in our stores and we are so happy to bring some holiday cheer.

We have gorgeous white and silver decor if you are looking for a simplistic and clean look to create your own Winter Wonderland.

Include a pop of red with Santa Claus's and hang them from the ceiling or wall to create a statement.

Add in some natural elements like green pine needles and pine cones to bring it all together at the dining or coffee table.

## SETTING THE TABLE

This Thanksgiving, dress your table to the nines. Taking elegant pieces and mixing them with classic heirloom pieces can create the perfect table setting for your guests.

Whether it be for a small family gathering or a large family and many friends, you can make this Thanksgiving a holiday meal to remember.

Start with picking a color palette to create your vision. Adding in Thanksgiving or Fall décor is also a fun way to bring the table setting together. Bringing in some greenery creates a natural look.

Creating a dinner table should be a fun and exciting task to do complete during the Holiday Season. You can mix fun prints on plates, napkins or chargers, to create a unique table setting that your guests will adore.

Take this table above, the charger is an antiqued glass with a gold brim. The napkins were placed in non-stemmed wine glasses to create the look of a flower instead of the traditional napkin ring. Adding lights into the greenery creates a wonderful ambiance for your guests, especially since the days are getting shorter.
