FRONT Door

The first impression is
everything.

Wreaths are like jewelry for your front door. They begin the “welcome to our home” and are our home’s first impression. They fill our front door with life and interest and tell the outside world a little something about the people who live inside.

TIPS:

1. SHAKE - SHAKE YOUR WREATH AND KEEP YOUR EYE OUT FOR ANYTHING LOOSE.
2. FLUFF - FLUFF YOUR WREATH UNTIL IT LOOKS “FULL”. A WREATH SHOULD LOOK THREE DIMENSIONAL, NOT FLAT.
3. DUST - DUST YOUR WREATH OCCASIONALLY JUST AS YOU WOULD ANY OUTDOOR FURNITURE. A LITTLE DUST OFF MAKES SUCH A DIFFERENCE!
4. STORE -STORE YOUR WREATH PROPERLY WHEN IT IS TIME SO THAT IT CAN LIVE ANOTHER SEASON ON YOUR FRONT DOOR. STORE IN A DRY, DARK SPACE.

The Autumn 2019 colors are relatable as well as inspiring--suggesting a thirst for liberation and a desire to realize our own individualized unique identities.

Cherry Blossom wraps you up in a warm and welcoming embrace. **Daiquiri Ice** displays an air of mystique, grace and depth of feeling. An appetizing mid-tone, **Sugar Almond** is a sweetened shade of brown.

"Colors for Autumn/Winter 2019-2020 range from easy and sophisticated to strikingly different and unique," said Leatrice Eiseman, Executive Director of the Pantone Color Institute. "This palette of versatile hues builds a sense of empowerment and confidence, enabling the client to choose the colors that best reflect his or her mood and persona."

BALSAMIC POMEGRANATE GLAZE

Salmon & Pomegranate Sandwich

INSTRUCTIONS

Grab our *Giuseppe Giusti Pomegranate glaze* to add a rich flavor to your salmon.

Set aside some of the Pomegranate Glaze in a separate bowl for serving, then brush the salmon liberally with the remaining glaze, being careful not to let too much drip down as the glaze will burn and hinder the crisping of the skin.

Transfer to the oven and broil until the glaze is caramelized and the internal temperature of the salmon reaches 125 degrees F, 4 to 5 minutes. Place on your favorite bread and serve!

Crab & Lemon Sandwich

INSTRUCTIONS

Mix the crab, mayo, *preserved lemon cream* from *Paysage*, a little juice, the chives and a good grind of black pepper in a bowl. Butter one side of each slice of bread. Divide the crab mayo between 3 slices of bread, top each with another slice, butter-side up, then arrange the cucumber slices on top, season, and finally sandwich with the final pieces of bread, butter-side down. Cut off the crusts, then cut into little triangles.

THE

Gipsy Kings

GIGI'S NOVEMBER MUSIC CHOICE

"The Gipsy Kings are a salsa, pop and flamenco outfit hailing from the south of France. They first captured the world's imagination in 1987 with the release of their self-titled album 'Gipsy Kings'. Though it was their third release, it was the first to reach an international audience - certified gold and platinum in countries around the world and selling millions of copies, the record sparked a fire and built a fanbase that has remained loyal for decades. Since this introduction to the world stage, the Gipsy Kings have continued their momentum, selling close to twenty million albums and touring the world. Playing at festivals, events and venues in all corners of the globe, the band have become a live phenomenon, known for their energetic sets that feature infectious Latin rhythms and virtuoso guitar playing."
