THE ATLANTA MARKET | JANUARY

The 2026 design season begins in January at AmericasMart Atlanta, the premier destination for American gift and home innovation. As the first major market of the year, this event allows Gigi and Franck to set the creative tempo for the months ahead. Their focus remains on sourcing the foundational textures and outdoor living elements that define the Paysage aesthetic, while simultaneously securing an exclusive first look at the 2026 Christmas Reveal. By hand-selecting these seasonal pieces early, they ensure their showrooms continue to serve as the gold standard for holiday magic.

AMBIENTE FRANKFURT | FEBRUARY

This phase of the journey is dedicated to the art of global blending, guided by the 2026 design pillars of Brave, Light, and Solid. OUR GUIDE TO EFFORTLESSLY MIXING PATTERNS & TEXTURES

RULE #1: ANCHOR WITH A HERO PATTERN

Start with one large-scale, high-impact pattern—this is your "Hero." Our Bestiaire Cushion line, with its detailed, scenic animal illustrations, is perfect for this!

RULE #2: INTRODUCE TEXTURE FOR CONTRAST

Introduce contrast by pairing the crisp Bestiaire print with a deeply tactile material like the luxurious 18" Fur Ribbed Pillow, adding instant warmth and dimension to your arrangement.

RULE #3: TIE IT TOGETHER WITH A SOLID TEXTURE

Anchor the grouping by pulling a single shade from the Bestiaire print, like the ivory, and introducing a solid pillow, such as the Paula Pillow, for a cohesive look.

Pro Tip: Odd numbers work best!
Aim for a grouping of 3 or 5 pillows.

L'AMBIANCE DE LA BONNE ANNÉE:

YOUR FRENCH-INSPIRED DINNER PARTY

The rush of the holiday season has gracefully receded, leaving us at the most powerful moment of the year: the first days of January, a clean slate brimming with possibility. In France, the spirit of celebration and the exchange of "Best Wishes" (Meilleurs Voeux) is a cherished custom that lasts all throughout the month, dedicating 31 days to elegantly wishing prosperity and happiness upon loved ones. We encourage you to utilize January to set an intentional tone of opulent fortune in your home, moving beyond the quick New Year's Eve toast and embracing refined winter hosting.

We've created a blueprint, L'Ambiance de la Bonne Année, for your first elegant dinner party or brunch, focusing on a Parisian table setting infused with subtle, global symbols of luck.

Le Gui (The Mistletoe Welcome)

Embrace the ancient custom of placing mistletoe (le gui) in the entryway, or prominently featuring a sprig of laurel on your mantelpiece. Frame this greenery as a piece of year-long good luck, symbolizing a fruitful, healthy, and successful new start for everyone entering your home throughout January. By choosing these meaningful accents, you manifest a season defined by wellness, abundance, and joy.

Meilleurs Vœux (Best Wishes)

Shift the focus from a quick midnight countdown to sincere, personalized intentions. Raise a glass of fine sparkling wine and lead a round of heartfelt "Best Wishes" (Meilleurs Vœux) for the specific goals or aspirations each guest has for 2026, setting an intentional, optimistic tone for the year ahead. This meaningful ritual ensures every guest feels valued while fostering a strong sense of community.

La Galette des Rois (The Fortune-Telling Dessert)

This is the quintessential January activity. Serve the beautiful, flaky King Cake (La Galette des Rois), traditionally enjoyed on or around Epiphany and throughout the first two weeks of the month. The cake contains a hidden fève (a small charm). The guest who finds the fève is crowned the "Monarch of Fortune", destined for extra luck and prosperity throughout the new year. Incorporating this ritual adds a layer of festive charm and meaningful celebration to your home.

PAYSAGE COMMUNITY KITCHENS

HYDERABADI CHICKEN BIRYANI

A Taste of Royal History:
Hyderabadi Chicken Biryani

The Hyderabadi Chicken Biryani is India's most iconic rice dish, celebrated for its rich aroma and deeply layered flavors.

Originating in Hyderabad under the rule of the Nizams, this biryani is a perfect blend of high-culture cuisine. It was influenced by Persian and Mughlai techniques, skillfully combined with local South Indian spices, creating a unique culinary legacy.

The traditional secret lies in the "Dum" method. Raw, marinated chicken and partially cooked Basmati rice are layered and sealed in a pot. The slow-cooking process allows the steam and aromatic juices to infuse every single grain. The result is a truly unforgettable meal, a royal dish that remains a classic around the world.

Try this for your January dinner party!

MAÎTRE GIMS

[CLICK THIS LINK

From the streets of Kinshasa to the heights of the global charts, Maître Gims (born Gandhi Djuna) has redefined the sound of modern French music. Once the driving force behind the rap collective Sexion d'Assaut, Gims transitioned into a solo powerhouse by masterfully blending hip-hop, high-energy pop, and soulful Congolese rumba.

Known for his signature dark sunglasses and a vocal range that leaps effortlessly from gritty verses to operatic hooks, Gims is more than a rapper; he is a cultural bridge. His smash hits like "Sapés comme jamais" and "Bella" have amassed billions of streams, proving that language is no barrier to a catchy melody. Whether he is performing at a sold-out Stade de France or collaborating with international icons, Maître Gims remains the undisputed king of the French urban scene, a visionary artist who turned his "subliminal" dreams into a global reality.

2026 COLOR OF THE YEAR

CLOUD DANCER

The design world shifts from joie de vivre to grand calme with the debut of PANTONE 11-4201 Cloud Dancer as the 2026 Color of the Year. For our Paysage Home readership, this soft, billowy white is not just a hue; it's a perfect French-flair foundation. Cloud Dancer is an intentionally warm white, designed to create clarity and serenity without the starkness of pure white. It's the color of antique plaster or linen sun-bleached on the North Carolina coast, a serene blank canvas that speaks to quiet luxury.

Sample in Design

Cloud Dancer's unique warmth changes with light, making the sample in design process vital. We recommend applying a large sample patch to several walls and observing it throughout the day. This hue is the ideal backdrop for rich textures and dark woods, elevating any room into a luxurious sanctuary.

Gigi's Perspective

"Cloud Dancer is one of those paint colors that change depending on the time of the day or the weather outside offering more warm beiges and less cool gray tones or vice versa. It will also make your pillows, lamps or accessories brighter and more intense. That's not counting the fact that your artwork will have the perfect backdrop to shine."

YAY OR NAY?
